Mark has done excellent creative work ... I'd highly recommend his editing skills. A pleasure to have in the cutting room, Mark is able to check his ego at the door and is always willing to do what it takes to make the best show possible. –*Eric Schiff, EP Raising Sextuplets, WEtv, Deliver Me, Discovery Health*

Mark has done an excellent job as lead editor, and has often gone the extra mile to accommodate our aggressive edit schedules. –*Bob McCormick, Post Producer, Deliver Me, Discovery Health*

Over the years I have developed a knack for spotting the editors who truly bring something to the party. Mark Goldberg is one of those rare editors.... he brought a clever approach to story telling and a great mix of sizzle and sincerity to his cuts. – *Steve Longo, Story Producer, The Antonio Treatment, HGTV*

It is imperative to find an editor who can bring both style and elegance to a package, as well as build a story using limited footage. It's also a great plus to have an editor who can work without having someone constantly look over his shoulder. Mark excels at this. – *Chris Valenziano, Package Producer, The World Stunt Awards, AMC, Critic's Choice Awards, VH1, Academy Awards Science & Technology Banquet*
